Subject: FYI on OR CZARA...

FYI - This makes no sense to me, but Ken asked his SA to set up call with Dennis McLerran immediately before the OR CZARA briefing tomorrow (they actually may be talking about more than just OR CZARA, but apparently that is one of the things they are going to speak about). Not sure why they would talk before hearing about all the policy and legal issues involved, but that is what is happening.

Also – please remember to take 3 hard copies of the presentation down to Crystal Penman in 3219 East **by 3pm** today, and also email me and cc Darren Reid on the e-version of the presentation.

Thanks.

Romell
